For those planning to participate in our committee efforts, please make note of this and future meetings in your personal calendars.

Most of our discussion for our upcoming D27 ATC LiveMeeting Thurs 18 Feb 7pm will be on:

- (1) Re-Formation Proposals A and G: determining the perspectives of the nine clubs in the two Areas affected by the difference between Proposals A and G;
- (2) Re-alignment details, particularly for those clubs to be re-aligned to different Areas, those clubs not meeting in their aligned Areas (and if boundaries should be changed or the clubs re-aligned), and clubs potentially not renewing or moving out of D27;
- (3) Plans for Socializing Re-Alignment and Re-Formation planning efforts and soliciting members' preferences (including the associated maps, postcard, website material, town-hall meetings, etc);
- (4) Items to be addressed in the District Operating Structure during Transition;
- (5) other items proposed by ATC members -- Please suggest any other topics we should add to the agenda.

ATC Reps are reminded to go to <http://toastmasters.sysadmininc.com/nmap.html?q=d&district=27> to view/change D27 club locations to ensure their locations are correctly displayed.

Please note the dial-in number for 2010, and feel free to pass this information to others who you believe should be participating. Please [join the meeting](#) at least 5 minutes early, especially anytime it would be your first time using LiveMeeting.
